

Frequently Asked Questions

Question	Answer
Q1. What is the Certification of Prophetic Intercession program?	<p>A1. This Certification program is designed for those who are ready to revolutionize their prayer life and step into a realm of intercession that they never thought was possible. It is an invitation into a new reality in prayer. Students will learn how to step confidently into the throne room, witnessing and participating in the intercession already taking place in the courts of heaven. They will learn the difference between prayer and intercession as defined by the Lord. Their prayers will carry new authority, insights and power as you align with God's purpose revealed through prophetic insights.</p> <p>Visit Forerunner Ministries website for more information.</p>
Q2. Why do I need training or a certification to be a good intercessor?	<p>A2. Taking this Certification program makes a spiritual statement to the Lord that you are taking intercession seriously, it demonstrates that you are seeking high level teaching, that you are willing to be accountable for your calling and be part of a community which will support you, and that you are pursuing best practice. Too many believers feel inadequate, lack training, accountability and community support when it comes to intercession. As a result, the intercessory gift remains untapped or mishandled instead of being the powerful voice it's meant to be. Forerunner Ministries has been asked by the Lord to raise the quality of Intercession with the global church and this certification program is part of our promise to Him.</p>
